Betty started off her birthday month with an amazing opener at the Royal Betty concert hall in New Almond. White partied along with 30 000 Seniorians at a concert with world's best artists.

The concert began with White coming down from the ceiling holding two fireworks. *Talking about an entrance...*

As soon as she landed on stage, Miley Cyrus opened the show with 'Wreckingball'. Stars like Harry Styles, Johnny Depp and Will Tura also made a surprise entrance at the show.

halfway the concert, White crowd surfed to the middle of the hall and started one of the biggest moshpits ever seen in Seniors.

The best apple pie is baked in a buttery flaky crust

-Will Ferrell

Ingredients:

- 3 to 4 apples
- 2 eggs
- 120 grams of melted butter
- 120 grams of brown sugar
- vanilla sugar
- 190 grams of flour
- 4.5 tbsp milk
- 4.5 tbsp sunflower oil
- pinch of salt

Start by preheating the oven to 200C.

Combine all the dry ingredients in a bowl and mix them with the melted butter using a blender. Mix until it looks like coarse bread crumbs.

Add the eggs, milk and sunflower oil. Let the dough rest for 40 minutes. In the meantime cut the apples and place them onto your dough in the baking form.

Bake in the center of the oven for 40 minutes or until the top is brown.

BAKE THE WORLD A BETTER PLACE

To celebrate the fantastic prize-winning apples in Seniors, our apple farms team up to organize an annual apple pie competition.

Every first weekend of November they organize a competition for everyone to compete in. They move to a different location every year.

The hometown of last years winner gets to host the next edition.

This year the competition will take place at the sportcentre of Blakesville. It's their first year of hosting the competition but mayor Smith told us they are ready to have us.

This year's favourites are Lukas Crust and Marion Sweet. They are the couple to beat this year. Their secret family recipe has won them several prizes already.

You can buy and taste the pies after the baking and award ceremony.

All profits go to a charity chosen by the baker of the pie.

**WINNER WINNER,
APPLE PIE AS
DINNER**

You can enter the competition by mailing to nationalapplepie@sweetandcrusty.se before the 12th of October.

There will be two categories, one for women and one for men. This will give men a better chance of winning.

Pies can be in any form but must of course contain apples.

**7th of November 13pm-19pm

AUTUMN FASHION 2020

- Seniors edition -

NUDE COLOURS

Nothing's better than getting one with Mother Nature. And what better way than to literally look like a part of nature? Nude colours let you blend in with the brown tints of fallen leaves. And besides, who will notice those grey hairs if they are part of your very natural look? It's a win-win situation...

WARM BUT CHIC

Cold evening walks are perfect to meet new friends or a partner, but how can you stay warm and still look amazing?

Say no more! I have the perfect solution: layers. You don't have to wear a big puffy jacket to stay warm. Just wear a turtle neck underneath your sweater and finish off with a clumsy knitted scarf.

YOUTHFUL AND FUN

Tired of looking like a typical grandmother? By mixing colours, you too can look like our fashionable leaders! Colour makes your outfit pop. Want to wear a white chino? No problem! Mix it with a bright yellow cardigan. Even teenagers will think you're cool!

LITTLE BLACK DRESS

This golden tip is as old as our leader, Betty white. You can't go wrong with a little black dress. It's the perfect outfit for your Friday-night date or a quick run to the mall (and maybe run into the man you met at Yoga lessons on Thursday).

A little black dress is the solution for the nights you can't decide what to wear, or when you want to look flawless without looking like you spend hours getting ready.

CITYTRIP MUST HAVES

Strolls at the beach, a day at the park, coffee at a trendy coffeeshop... Packing for an entire week of activities is difficult. But with these tips you always know what to put in your suitcase.

Nothing screams vacation mode like a straw hat and sunglasses. Mix these with a bright lipstick colour, your most comfortable sandals and you are ready to go!

GRANDCHILD AND CHILL

Little sprouts coming over? Now is your time to shine! Two weeks of fun and adventure with your children and grandchildren, but most important: a lot of pictures for the family album! They only see you once a year but those pictures are for eternity. I don't have to explain how important it is to choose your outfits wisely. Well, stress no more! With our tips above you will rock your family visits!
